We are located in the heart of the Chautauqua Grape Belt of New York State where the best grape vines have been grown for nearly one hundred years. During our fifty years in business we have been trying new varieties and discarding those that do not prove worthwhile. Do not hesitate to consult us as to the merits of any varieties you may be interested in.

We believe we have the most complete list of American grape varieties to be found anywhere.

We do everything possible to keep our stock true to name. Should any of our stock prove not true to name we will on proper proof refund the purchase price or replace the plants that are not true to name. This is the extent of our liability.

Our stock is all New York State inspected for diseases and insect pests.
